APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A substantial weir or other type of measuring device must be installed and maintained to facilitate the measurement of water. The permittee must allow for a reasonable lowering of the static water level due to further appropriation of water from the source. The amount of water granted in the final certificate of appropriation will be based upon the amount of water actually used. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.5 cubic foot per second.

Actual construction work shall begin on or before September 17, 1949

Proof of commencement of work shall be filed before October 17, 1949

Work must be prosecuted with reasonable diligence and be completed on or before September 17, 1950

Proof of completion of work shall be filed before October 17, 1950

Application of water to beneficial use shall be made on or before

September 17, 1951. Proof of the application of water to beneficial

use must be filed with State Engineer on or before October 17, 1951

Map Filed AUG 27 1948

Proof of commencement of work filed AUG 27 1949 WITNESS MY HAND AND SEAL this 25th day

Proof of Completion of work filed SEP 13 1950

of March, 1949

Cancelled Jan 12 1954 because of failure of applicant to comply with the provisions of permit
